**Niagara River Greenway Commission Determines Consistency**

The Niagara River Greenway Commission is pleased to announce the vote on project consistency as determined by the Commission for the twelfth round of projects submitted to the Greenway Commission.

Projects were submitted on September 15, 2009 and the votes were taken today during the regularly scheduled meeting of the Commission. The subjective evaluation of projects was based on the principals, goals and criteria that define the Niagara River Greenway Plan. The following project sponsors and respective projects were determined consistent:

- Buffalo Museum of Science-Tiff Nature Preserve Sustainability Center Upgrade and Expansion Planning
- New York State Parks-Niagara Falls State Park Heritage Park Restoration
- New York State Parks-Niagara Falls State Park 125<sup>th</sup> Anniversary Celebration
- Niagara Falls & the River Region Chapter of the Wild Ones Native Plants, Natural Landscaping-Regional Economic Growth Through Ecological Restoration of the Niagara Gorge Rim

Now that the Niagara River Greenway Commission has issued a finding of consistency with the Niagara River Greenway Plan, project sponsors are responsible for funding arrangements. Funding requests can be made through conventional grant and endowment sources as well as the various greenway standing committees.

The thirteenth round of project determinations will be made on January 19, 2010. Those projects will be on the web-site Tuesday, November 24, 2009. Public comment on those projects will be accepted until December 31, 2009 and may be submitted at the website, [www.niagaragreenway.org](http://www.niagaragreenway.org) or by mail to Niagara River Greenway, 2136 West Oakfield Road, Grand Island, NY 14072. All projects and submission dates for future determinations are also available on the website.

To review the approved Niagara River Greenway Plan and GEIS or to learn more information about the Commission log onto [www.niagaragreenway.org](http://www.niagaragreenway.org). The Niagara River Greenway Commission is a public benefit corporation established by Chapter 460 of the laws of 2004, and charged with the planning and development of a greenway of interconnected parks, river access points and waterfront trails along the Niagara River from Lake Erie to Lake Ontario at the site of the historic Fort Niagara.
